

BSc (Hons) Health and Social Care Management

with Foundation Year

BATH SPA
UNIVERSITY

 **Course Duration:** 4 years

 **Course Fee:** £9,250 per year

 **Course Type:** Full-time

 **Awarding Body:** Bath Spa University

The delivery of effective health and social care services relies on strong leadership and management. This programme will enable you to develop an in-depth understanding of the knowledge and skills of the leadership and management needed for efficient and effective delivery of services in the health and social care environment. We seek to help you to develop as a reflective practitioner and to gain skills in effective communication, critical analysis and continuous learning with a clear understanding of the issues and changes taking place both nationally and locally within health and social care.
